

<p>Action AR to shame contributors into providing content on time.  Printed by 10<sup>th</sup> August.  RP volunteered to deliver in East End.  LH to deliver to New Yatt Rd.</p>	
<p><i>SSE Reduction data:</i>  Less than 2% but this is compared to last years data which is when the project had already started campaigning so this is a further saving on what we have saved already. We are not responsible for the fact that SSE did not start recording energy usage until after our project had started. GF reported that at the peak of the previous project, 100 families were sending in their energy readings. We need to be careful how this figure is presented so people can understand why it seems so low.</p>	
<p><i>Green Fair Review:</i>  AR was pleased with the variety of stalls and the local community stalls. GM noted the number of people.  RP noted the number of people who wanted to talk about SSE related topics.  JL thought ppl were getting used to our group and particularly liked the bunting. Good beer.  LH was impressed with the organisation. Bigger than expected.  GF disappointed that there was no way of measuring the effect.  MLP agreed that ppl stayed longer and we reached new ppl.  RP commented on the continuing popularity of light bulb conversation – would have been better to have the big light bulb library.  JL did not feel well utilised manning the veggy bbq. Would prefer if there was a single bbq catering for all next time.  LH wanted more dancing.  GF thought something more interactive would help draw ppl in.</p>	
<p><i>Display:</i>  CK has met with Ian Lansley and seen the prototype. IL seemed keen on putting Village news on there.</p>	
<p><i>Meeting with DECC:</i>  will take place 10<sup>th</sup> July. CK has provided a presentation as requested by SSE. Much discussion took place regarding arrangements.</p>	
<p><i>Green Picnic:</i>  CK asked about the inflatable. JL reported back from SK, the one we were having has been sold. The alternative is a “mega slide” with a separate assault course. Plus possibly a bouncy castle. This will all cost less than the original. Approved.  SK wants some wording for the banner:  “Last chance to win £20,000”  GM suggested a BBQ again  JL suggested something interactive like the pledge scheme we had last year.  CK suggested an energy saving tree.  CK wants Andy Golsworthy  GL suggested Witney FreeCycle LH to chase up to see if they would like to promote their site.  JL to organise a generator and GF to provide presentation to run on the computer.</p>	<p>LH, JL, GF,  AR</p>

12pm-4pm. Need tables from the Garden Soc. Action SK. AR to ask Glynis about a stall. MLP noted that we need sacks or equivalent for litter picking and recycling. CK suggested Tahir should be asked to sell ice cream. Action JL.	
<i>Sun Lanterns:</i> The windmill players have one for our exposure in the Wind in the Willows. MLP reported some mention from the church. JL suggested that when these things happen we should have a display linked to it. JL suggested we have a small display board for this purpose. JL remembers that we have all agreed to approach community groups. GM to recirculate the minutes where this was agreed. JL to order a board and AR to be “ <del>bored</del> board coordinator”	JL, GM
<i>Card and Window Sticker:</i> GF to organise a process to poll the community on motivation. Everyone has to do the door to door sticker stuffing.	ALL
<i>Carnival Plans:</i> JL wants a noisy procession, with fancy dress. At start of September once schools are back. JL and LH to organise. CK points out that there is only one more meeting before then. Tentative date 6 <sup>th</sup> September. Needs an extraordinary meeting.	JL, LH
<i>Anaerobic Digester:</i> JL reported on the visit from David Fulford. There may be a conflict of interest with WODC and their waste food collection due to start this year.	
<i>Communication:</i> GF to write for NLN again, will figure out how to interpret the savings figure for this month. September PC meeting: GF to attend and follow up the street light project.	GF
<i>A.O.B.:</i> Hilary Wood is interested in joining the group. Matt Lane is leaving the group, but remains available for volunteering duty. JL reported on an initiative from the Energy Saving Trust who are offering to work with community groups. Group agreed that we should express interest and see what they can offer to us. GF to complete form. CK gave a quick presentation of what she will show to the DECC visit.	GF
<i>Date of next meeting:</i> 13 <sup>th</sup> August.
